SkyFidelity Offers Yacht & Boat Owners Secure and Reliable HighSpeed Internet Connectivity

WiFi Services:

High Speed WiFi Internet:

Up to 25 mbps speed for surfing the internet or downloading documents or video.

WiFi Phone:

Free WiFi Phone Service--make internet phone calls to anywhere in the world for free--the quality is better than cellular and no minutes or bandwidth is used.

WiFi Television:

Watch Netflix, Hulu or other internet based television shows on your iPad or other WiFi enabled device.

SecureSpot Technology:

The highest encryption available for WiFi "hotspots" making all internet communication safe from hackers and other internet intruders.

IP HD Surveillance Cameras

Enjoy the tilt/pan/zoom surveillance camera experience over your entire marina all centrally controlled from your handheld device or in your security office. "See" your entire marina over WiFi enabled cameras. Reduce theft and manage slip space for effortlessly while in your offices or on your handheld devices.

"Vanity Cameras" for Slip Owners

For a monthly fee, we can create a 24/7 HD Camera experience for your slip owners which enables them to view their boat 24/7 via a personalized "live" HD Camera positioned directly next to their boat. The "live" HD Camera feed is accessible on their cell phone or hand held device.

"CellSpot" Cellular Services

Boost cell phone coverage in areas where your cell phone coverage is weak or non-existent. Amplify your cell phone signal strength so you can use your cell phone in areas where you previously could not locate a cellular signal. Our technology boosts cellular signal strength for all cellular phone companies: Verizon, AT&T, Sprint, etc.

WiFi Television

Watch Netflix, Hulu or other internet based television shows on your iPad or other WiFi enabled device.

Most WiFi TVs are internet ready TVs. This means that you can connect your TV to the internet. In this manner you get access to different internet services (internet applications). A selection of internet services depends on TV manufacturer. Majority of them offer internet browsing, video and music on demand, access to Youtube, Facebook and similar social networking application, online photo galleries sharing, Skype, weather and sport information, etc.
