

RV Park Mobilehome Park

HighSpeed Internet Connectivity & Security Services

**True Internet
Broadband**

**HD Camera
Surveillance**

SkyFidelity offers RV/Mobilehome Parks Secure and Reliable HighSpeed Internet Connectivity

High-Speed Satellite Internet

Many RV/Mobilehome parks reside in rural American locations which currently do not have access to traditional (terrestrial-based) high-speed Internet access in the continental USA.

SkyFidelity brings satellite internet to these hard to reach RV/Mobilehome parks and distribute the feed for live streaming video, VOIP , email, texting and other internet based communications where there is underserved existing fiber or cable internet available in the area.

SkyFidelity combines satellite internet “footprints” with industrial strength WiFi Access Points that can withstand environments to create a “WiFi Internet Cloud”. SkyFidelity also offers live streaming camera surveillance as well as WiFi hot spots providing “communication corridors” in remote locations.

Accomplishing More With Less

One Satellite Connection can connect 250 RV/Mobilehomes
Less access points and repeaters due to superior radius range
Less time installing and launching network (plug and play)
Less money on fewer devices therefore less installs

- **Increased Internet Speed**
- **Full Wi-Fi coverage everywhere**
- **Internet to underserved areas**
- **Public safety wireless video surveillance**

“FREE” Phone Service Using VoIP

The SkyFidelity network is independent of local landline infrastructure for a reliable satellite Internet VoIP connection. Satellite Internet VoIP (Voice over Internet Protocol) allows you to make a call over the Internet with the clarity of a landline or cell phone. Browse, send/receive email, download files, and make a call, all at the same time. VoIP calls using our secure VPNs (Virtual Private Networks) and Private Networks at encryption levels that satisfy even the most security-conscious agencies. Using the SkyFidelity VoIP network means clear voice reception and a great satellite Internet VoIP experience.

SkyFidelity Security Services Helps Protect The People and Things you Value Most in Your Business — Your RV/Mobilehome Residents!

- **MULTIPLE HD CAMERA SURVEILLANCE**
